SKILLS

**React JavaScript
HTML CSS jQuery
SASS C/C++
Java mySQL Oracle**

EDUCATION

Ryerson University
B.Sc Computer Science

Juno College of Technology
Web Development Bootcamp

Profile

Hi, I'm a Computer Science graduate who loves building amazing experiences! Solving problems is what I do best whether its code or helping my team win at board game nights.

PROJECTS

CineGoat

React Firebase SASS API HTML

An app that tracks the greatest movie of all time based on user votes. I built this app using Firebase to store the votes so I could settle the score for best superhero flick!

StoryStarter

React Firebase SASS MOB HTML

Minimalistic writing app that helps users stay focused through timed pop up messages. This agency style project also features a database storing user generated prompts for you to write about.

ZAP

HTML CSS PSD Conversion

E-Commerce themed PSD conversion that is fully responsive across all devices.

WORK EXPERIENCE

Best Buy, Geek Squad Agent
September 2018 - April 2019
- Troubleshoot customer software/hardware errors
- Drove sales of Geek Squad Memberships
- Built strong customer relations
